23rd ANNUAL REPORT	
Data from the 2006-2007 Program Survey	
TABLE OF CONTENTS	
Introduction	1
Methods	2
The Survey Instrument	2
Survey Period and Response Rate	2
Data Entry and Analysis	2
The "Typical" P.A. Program	3
Analysis of Trends Over Time: 1984-2006	3
Additional Copies of the Report	3
Results and Discussion	4
Section I. General Program Characteristics	4
Listing of P.A. Programs by Consortia Region	4
Year Current P.A. Programs Were Established, 1965 Through 2006	6
Current P.A. Programs by Length of Curriculum	7
Current P.A. Programs by Month of Graduation	8
Financial Characteristics of P.A. Programs	8
Program Budget and Federal Support by Region	10
Student Educational Expenses	11
Student Expenses by Consortia Region	12
Trends in P.A. Student Expenses	13
Section II. Program Personnel	15
Classification of Physician Assistant Program Personnel	15
Number of P.A. and Non-P.A. Program Personnel by Category	16
Number of P.A. Program Personnel by Region	16
General Characteristics of P.A.s and Non-P.A.s Employed by Programs	17
Clinical Activity of Physician Assistant Personnel	17
Personnel by Region: Salary, Months in Position and Ethnicity	21
Trends in P.A. Program Personnel Salaries, 1985 Through 2006	22
Program Personnel: Academic Classification	23
P.A. and Non-P.A. Personnel Salary Analysis	25
Program Directors of Physician Assistant Programs	27
Program Director Salaries: Regional Differences	28
Medical Directors of Physician Assistant Programs	28
Comparisons between Medical and Program Directors	29
Regression Analysis of Salaries	31
P.A. Program Personnel Turnover	32
Section III. P.A. Student Characteristics	37
Physician Assistant Student Enrollment	37
Trends in Maximum Capacity and Student Enrollment	38

First Year Students Enrolled	39
First Year Students Enrolled by Consortia Region	40
Trends in First Year P.A. Student Enrollment, 1983 Through 2006	41
Total Enrollment in P.A. Programs	43
First Year Students Enrolled by Age	44
First Year Students Enrolled by Age and Consortia Region	44
Trends in Enrollment by Age	45
Average Age of First Year Enrolled Students	46
First Year Students Enrolled by Ethnicity	46
Ethnic Representation of First Year Enrollees by Consortia Region	47
Number of Programs versus Percent First Year Minority Student Enrollment	47
Trends in First Year Minority Student Enrollment, 1983 Through 2006	48
Academic Characteristics of First Year P.A. Students	49
Academic Characteristics of First Year Enrolled P.A. Students by Consortia Region	50
Section IV. Graduate Information	52
Number and Attrition of Students by Gender	52
Attrition Rates of Students by Consortia Region	53
Graduation, Attrition and Deceleration of Students by Age	54
Trends in Student Attrition, 1984 Through 2006	55
Gender and Ethnicity of 2006 P.A. Graduates by Consortia Region	55
Trends in the Graduation of Minorities	56
Employment Status of 2006 P.A. Graduates	57
Number of Recent Graduates by State	58
2006 Program Graduates: Employment Status by Consortia Region	58
Trends in Medical Speciality Selection of Recent Graduates, 1985 Through 2006	58
Employment of Recent Graduates in Primary & Non-Primary Care by Consortia Region	59
Medical Specialty Selection of Recent Graduates by Consortia Region	61
Regional Variation and Trends in New Graduate Starting Salaries	62

22nd ANNUAL REPORT	
Data from the 2005-2006 Program Survey	
TABLE OF CONTENTS	
Introduction	1
Methods	2
The Survey Instrument	2
Survey Period and Response Rate	2
Data Entry and Analysis	2
The "Typical" P.A. Program	3
Analysis of Trends Over Time: 1984-2005	3
Additional Copies of the Report	3
Results and Discussion	4
Section I. General Program Characteristics	4
Listing of P.A. Programs by Consortia Region	4
Year Current P.A. Programs Were Established, 1965 Through 2005	5
Current P.A. Programs by Length of Curriculum	6
Current P.A. Programs by Month of Graduation	7
Financial Characteristics of P.A. Programs	7
Program Budget and Federal Support by Region	10
Student Educational Expenses	11
Student Expenses by Consortia Region	12
Trends in P.A. Student Expenses	13
Section II. Program Personnel	15
Classification of Physician Assistant Program Personnel	15
Number of P.A. and Non-P.A. Program Personnel by Category	16
Number of P.A. Program Personnel by Region	16
General Characteristics of P.A.s and Non-P.A.s Employed by Programs	17
Clinical Activity of Physician Assistant Personnel	17
Personnel by Region: Salary, Months in Position and Ethnicity	21
Trends in P.A. Program Personnel Salaries, 1985 Through 2005	22
Program Personnel: Academic Classification	23
P.A. and Non-P.A. Personnel Salary Analysis	25
Program Directors of Physician Assistant Programs	26
Program Director Salaries: Regional Differences	28
Medical Directors of Physician Assistant Programs	28
Comparisons between Medical and Program Directors	29
Regression Analysis of Salaries	31
P.A. Program Personnel Turnover	32
Section III. P.A. Student Characteristics	37
Physician Assistant Student Enrollment	37

Trends in Maximum Capacity and Student Enrollment	38
First Year Students Enrolled	39
First Year Students Enrolled by Consortia Region	40
Trends in First Year P.A. Student Enrollment, 1983 Through 2005	41
Total Enrollment in P.A. Programs	43
First Year Students Enrolled by Age	44
First Year Students Enrolled by Age and Consortia Region	44
Trends in Enrollment by Age	45
Average Age of First Year Enrolled Students	46
First Year Students Enrolled by Ethnicity	46
Ethnic Representation of First Year Enrollees by Consortia Region	47
Number of Programs versus Percent First Year Minority Student Enrollment	47
Trends in First Year Minority Student Enrollment, 1983 Through 2005	48
Academic Characteristics of First Year P.A. Students	49
Academic Characteristics of First Year Enrolled P.A. Students by Consortia Region	50
Section IV. Graduate Information	52
Number and Attrition of Students by Gender	52
Attrition Rates of Students by Consortia Region	53
Graduation, Attrition and Deceleration of Students by Age	54
Trends in Student Attrition, 1984 Through 2005	55
Gender and Ethnicity of 2005 P.A. Graduates by Consortia Region	55
Trends in the Graduation of Minorities	56
Employment Status of 2005 P.A. Graduates	57
Number of Recent Graduates by State	58
2005 Program Graduates: Employment Status by Consortia Region	58
Trends in Medical Speciality Selection of Recent Graduates, 1985 Through 2005	58
Employment of Recent Graduates in Primary & Non-Primary Care by Consortia Region	59
Medical Specialty Selection of Recent Graduates by Consortia Region	61
Regional Variation and Trends in New Graduate Starting Salaries	62
Summary and Conclusions	64
Section I. General Characteristics of P.A. Programs	64

Appendix: Twentieth Annual A.P.A.P. National Survey for the 2003-2004 Academic Year	

19th ANNUAL REPORT	
Data from the 2002-2003 Program Survey	
TABLE OF CONTENTS	
Introduction	1
Methods	2
The Survey Instrument	2
Survey Period and Response Rate	2

Data Entry and Analysis	2
Quality Improvement	3
The "Typical" P.A. Program	3
Analysis of Trends Over Time: 1984-2002	3
Additional Copies of the Report	3
Results and Discussion	4
Section I. General Program Characteristics	4
Listing of P.A. Programs by Consortia Region	4
Year Current P.A. Programs Were Established, 1965 Through 2002	6
Current P.A. Programs by Length of Curriculum	7
Current P.A. Programs by Month of Graduation	8
Financial Characteristics of P.A. Programs	8
Program Budget and Federal Support by Region	10
Student Educational Expenses	11
Student Expenses by Consortia Region	12
Trends in P.A. Student Expenses	13
National Health Services Corps (N.H.S.C.) Support	13
Section II. Program Personnel	15
Classification of Physician Assistant Program Personnel	15
Number of P.A. and Non-P.A. Program Personnel by Category	16
Number of P.A. Program Personnel by Region	16
General Characteristics of P.A.s and Non-P.A.s Employed by Programs	17
Clinical Activity of Physician Assistant Personnel	17
Personnel by Region: Salary, Months in Position and Ethnicity	21
Trends in P.A. Program Personnel Salaries, 1985 Through 2002	22
Program Personnel: Academic Classification	23
P.A. and Non-P.A. Personnel Salary Analysis	25
Program Directors of Physician Assistant Programs	27
Program Director Salaries: Regional Differences	28
Medical Directors of Physician Assistant Programs	28
Comparisons between Medical and Program Directors	29
Regression Analysis of Salaries	31
P.A. Program Personnel Turnover	32
Section III. P.A. Applicant and Student Characteristics	37
Physician Assistant Student Enrollment	37
Trends in Maximum Capacity and Student Enrollment	38
P.A. Applicants and Students Enrolled	40
Applicants and Students Enrolled by Consortia Region	40
Trends in P.A. Student Enrollment, 1983 Through 2002	41
Total Enrollment in P.A. Programs	44
Applicants and Students Enrolled by Age	44
Students Enrolled by Age and Consortia Region	45
Trends in Enrollment by Age	45
Average Age of Applicants	46

Applicants and Students Enrolled by Ethnicity	47
Ethnic Representation of Applicants and Enrollees by Consortia Region	47
Number of Programs versus Percent First Year Minority Student	48
Enrollment	
Trends in First Year Minority Student Enrollment, 1983 Through 2002	49
Academic Characteristics of P.A. Students	49
Academic Characteristics of Enrolled P.A. Students by Consortia Region	51
Unlicensed Medical Graduates: Applicants and Students Enrolled	52
Unlicensed Medical Graduates: Regional Analysis	53
Trends in UMG Applicants and Enrollment, 1987 Through 2002	53
Disabled Students Enrolled in P.A. Programs	55
Section IV. Graduate Information	56
Number and Attrition of Students by Gender	56
Attrition Rates of Students by Consortia Region	57
Graduation, Attrition and Deceleration of Students by Age	58
Trends in Student Attrition, 1984 Through 2002	59
Sex and Ethnicity of 2002 P.A. Graduates by Consortia Region	59
Trends in the Graduation of Minorities	60
Employment Status of 2002 P.A. Graduates	61
Number of Recent Graduates by State	62
2002 Program Graduates: Employment Status by Consortia Region	62
Trends in Medical Speciality Selection of Recent Graduates, 1985	63
Through 2002	
Employment of Recent Graduates in Primary & Non-Primary Care by	63
Consortia Region	
Medical Specialty Selection of Recent Graduates by Consortia Region	65
Regional Variation and Trends in New Graduate Starting Salaries	66
Section V. Curriculum Section	68
General Comments on the P.A. Curriculum	68
Methods of Analysis	68
Phase I Curriculum: Basic Medical Sciences	68
Interdisciplinary Education in the Basic Sciences	70
Phase I Curriculum: Behavioral Sciences	71
Interdisciplinary Education in the Behavioral/Social Sciences	72
Phase I Curriculum: Regional Variation	73
Phase II Curriculum: Introductory Clinical Sciences and Patient	74
Assessment	
Phase II Curriculum: Interdisciplinary Education	76
Phase II Curriculum: Regional Variation in Clinical Skills Courses	77
Phase III Curriculum: Supervised Clinical Instruction	78
Interdisciplinary Education During the Clinical Curriculum	80
Phase III Curriculum: Regional Differences	81
Supervised Clinical Experiences in Medically Underserved Areas	82
Changes in P.A. Curriculum Since 1986	83

Appendix: Nineteenth Annual A.P.A.P. National Survey for the 2002-2003 Academic Year	

18th ANNUAL REPORT	
Data from the 2001-2002 Program Survey	
TABLE OF CONTENTS	
Introduction	1
Methods	2
The Survey Instrument	2
Survey Period and Response Rate	2
Data Entry and Analysis	2
Quality Improvement	3
The "Typical" P.A. Program	3

Analysis of Trends Over Time: 1984-2001	3
Additional Copies of the Report	3
Results and Discussion	4
Section I. General Program Characteristics	4
Listing of P.A. Programs by Consortia Region	4
Year Current P.A. Programs Were Established, 1965 Through 2001	6
Current P.A. Programs by Length of Curriculum	7
Current P.A. Programs by Month of Graduation	8
Financial Characteristics of P.A. Programs	8
Program Budget and Federal Support by Region	10
Student Educational Expenses	11
Student Expenses by Consortia Region	12
Trends in P.A. Student Expenses	13
National Health Services Corps (N.H.S.C.) Support	13
Section II. Program Personnel	15
Classification of Physician Assistant Program Personnel	15
Number of P.A. and Non-P.A. Program Personnel by Category	16
Number of P.A. Program Personnel by Region	16
General Characteristics of P.A.s and Non-P.A.s Employed by Programs	17
Clinical Activity of Physician Assistant Personnel	17
Personnel by Region: Salary, Months in Position and Ethnicity	21
Trends in P.A. Program Personnel Salaries, 1986 Through 2001	22
Program Personnel: Academic Classification	23
P.A. and Non-P.A. Personnel Salary Analysis	25
Program Directors of Physician Assistant Programs	27
Program Director Salaries: Regional Differences	28
Medical Directors of Physician Assistant Programs	28
Comparisons between Medical and Program Directors	29
Regression Analysis of Salaries	31
P.A. Program Personnel Turnover	32
Section III. P.A. Applicant and Student Characteristics	37
Physician Assistant Student Enrollment	37
Trends in Maximum Capacity and Student Enrollment	38
P.A. Applicants and Students Enrolled	40
Applicants and Students Enrolled by Consortia Region	40
Trends in P.A. Student Enrollment, 1983 Through 2001	41
Total Enrollment in P.A. Programs	44
Applicants and Students Enrolled by Age	44
Students Enrolled by Age and Consortia Region	45
Trends in Enrollment by Age	45
Average Age of Applicants	46
Applicants and Students Enrolled by Ethnicity	47
Ethnic Representation of Applicants and Enrollees by Consortia Region	47

Number of Programs versus Percent First Year Minority Student Enrollment	48
Trends in First Year Minority Student Enrollment, 1983 Through 2001	49
Academic Characteristics of P.A. Students	49
Academic Characteristics of Enrolled P.A. Students by Consortia Region	51
Unlicensed Medical Graduates: Applicants and Students Enrolled	52
Unlicensed Medical Graduates: Regional Analysis	53
Trends in UMG Applicants and Enrollment, 1987 Through 2001	53
Disabled Students Enrolled in P.A. Programs	55
Section IV. Graduate Information	56
Number and Attrition of Students by Gender	56
Attrition Rates of Students by Consortia Region	57
Graduation, Attrition and Deceleration of Students by Age	58
Trends in Student Attrition, 1984 Through 2001	59
Sex and Ethnicity of 2001 P.A. Graduates by Consortia Region	59
Trends in the Graduation of Minorities	60
Employment Status of 2001 P.A. Graduates	61
Number of Recent Graduates by State	62
2001 Program Graduates: Employment Status by Consortia Region	62
Trends in Medical Speciality Selection of Recent Graduates, 1985 Through 2001	63
Employment of Recent Graduates in Primary & Non-Primary Care by Consortia Region	63
Medical Specialty Selection of Recent Graduates by Consortia Region	65
Regional Variation and Trends in New Graduate Starting Salaries	66

16th ANNUAL REPORT	
Data from the 1999-2000 Program Survey	
TABLE OF CONTENTS	
Introduction	1
Methods	2
The Survey Instrument	2
Survey Period and Response Rate	2
Data Entry and Analysis	2
Quality Improvement	3
The "Typical" P.A. Program	3
Analysis of Trends Over Time: 1984-1999	3
Additional Copies of the Report	3
Results and Discussion	4
Section I. General Program Characteristics	4
Listing of P.A. Programs by Geographic Region	4
Year Current P.A. Programs Were Established, 1965 Through 1999	6
Current P.A. Programs by Length of Curriculum	7
Current P.A. Programs by Month of Graduation	8
Financial Characteristics of P.A. Programs	8
Program Budget and Federal Support by Region	10
Student Educational Expenses	12
Student Expenses by Geographic Region	12
Trends in P.A. Student Expenses	13
National Health Services Corps (N.H.S.C.) Support	14
Section II. Program Personnel	15
Classification of Physician Assistant Program Personnel	15
Number of P.A. and Non-P.A. Program Personnel by Category	16
Number of P.A. Program Personnel by Region	16
General Characteristics of P.A.s and Non-P.A.s Employed by Programs	17
Clinical Activity of Physician Assistant Personnel	18
Personnel by Region: Salary, Months in Position and Ethnicity	21
Trends in P.A. Program Personnel Salaries, 1986 Through 1999	22
Program Personnel: Academic Classification	24
P.A. and Non-P.A. Personnel Salary Analysis	25
Program Directors of Physician Assistant Programs	27
Program Director Salaries: Regional Differences	28
Medical Directors of Physician Assistant Programs	29
Comparisons between Medical and Program Directors	30
Regression Analysis of Salaries	31
P.A. Program Personnel Turnover	32

Section III. P.A. Applicant and Student Characteristics	37
Physician Assistant Student Enrollment	37
Trends in Maximum Capacity and Student Enrollment	38
P.A. Applicants and Students Enrolled	40
Applicants and Students Enrolled by Geographic Region	40
Trends in P.A. Student Enrollment, 1983 Through 1999	41
Total Enrollment in P.A. Programs	44
Applicants and Students Enrolled by Age	44
Students Enrolled by Age and Consortia Region	45
Trends in Enrollment by Age	45
Average Age of Applicants	46
Applicants and Students Enrolled by Ethnicity	47
Ethnic Representation of Applicants and Enrollees by Geographic Region	47
Number of Programs versus Percent First Year Minority Student Enrollment	48
Trends in First Year Minority Student Enrollment, 1983 Through 1999	49
Academic Characteristics of P.A. Students	49
Academic Characteristics of Enrolled P.A. Students by Geographic Region	51
Unlicensed Medical Graduates: Applicants and Students Enrolled	52
Unlicensed Medical Graduates: Regional Analysis	53
Trends in UMG Applicants and Enrollment, 1987 Through 1999	53
Disabled Students Enrolled in P.A. Programs	55
Section IV. Graduate Information	56
Number and Attrition of Students by Gender	56
Attrition Rates of Students by Geographic Region	57
Graduation, Attrition and Deceleration of Students by Age	58
Trends in Student Attrition, 1984 Through 1999	59
Sex and Ethnicity of 1999 P.A. Graduates by Geographic Region	59
Trends in the Graduation of Minorities	60
Employment Status of 1999 P.A. Graduates	61
Number of Recent Graduates by State	62
1999 Program Graduates: Employment Status by Geographic Region	62
Trends in Medical Speciality Selection of Recent Graduates, 1985 Through 1999	63
Employment of Recent Graduates in Primary & Non-Primary Care by Geographic Region	63
Medical Speciality Selection of Recent Graduates by Geographic Region	65
Regional Variation and Trends in New Graduate Starting Salaries	66
