ADMIT IT
YOU ARE AN ACHIEVER

Accustomed to pushing the boundaries of the status quo, you've been looking for a way to transform the world of health care from the inside out. Health care is your passion, and you've been training to stand on a grand stage your entire life.

IN GRADE SCHOOL
You advocated for healthier school lunches with the ‘Junk the Junk Food’ campaign.

IN HIGH SCHOOL
You initiated competitions over the number of volunteer hours spent visiting patients and serving the needy at community health centers and homeless shelters.

IN COLLEGE
You were so up to date on the latest dissection techniques in A&P, that professors sought YOU out.

NOW
As the master architect of your future, you're working to become a PA – just the next step in the grand scheme.

ADMIT IT
THIS IS WHO YOU ARE AND YOU ARE WHO WE WANT

APPLY TODAY
FOR ONE OR BOTH OF THE PAEA STUDENT FELLOWSHIPS

FUTURE EDUCATOR FELLOWSHIP
During an intensive 2-day student track at the Education Forum in Minneapolis, you'll complete projects under the mentorship of PA faculty focusing on professional development, leadership, and networking for future PA educators. APPLY through June 24, 2016.

STUDENT HEALTH POLICY FELLOWSHIP
A 3-day policy workshop in Washington, D.C., where you'll learn from national policy experts and carry PA education issues to Capitol Hill, enhancing your understanding of political processes and health policy. APPLY through July 1, 2016.
