Legal Effect of the PAEA Policies and Procedures Manual

The provisions of the PAEA Policies and Procedures Manual may refine and augment, but not supersede or contradict provisions contained in either the PAEA Articles of Incorporation or Bylaws, which take priority in such order.

PART 1. OPERATIONAL POLICIES

SECTION I. GOVERNANCE

1.01. Purpose of the PAEA Policies and Procedures Manual

POLICY: This manual provides a framework to govern the management of programs and services of the Association by the PAEA Board of Directors (“the Board”), advisory bodies, and staff. The manual is divided into four parts.

Part 1 of the manual consists of the Association’s operational policies. It is a compilation of Board motions and the Board’s interpretation of the bylaws and other Association actions. The purpose of this part of the manual is to aid implementation of the bylaws through the recitation of officially adopted policies, and procedures for the administration and implementation of those policies. It contains only those policies that have been officially adopted by the Board.

Part 2 of the manual consists of the Association’s position policies.

Part 3 of the manual contains the organizational volunteer structure.

Part 4 of the manual contains the PAEA bylaws.

(Adopted October 16, 2007; most recent revision December 8, 2014)

1.01.01. Definition of Policy and Procedure

POLICY: Policies provide the operational framework within which the Association functions and ensure that efforts are aligned to achieve the mission and vision of the association. Policies reflect the principles and standards of the Association and define its beliefs and philosophy. They provide the formal guidance needed to address major operational issues. Policies, once adopted, set standards for judging all new proposals dealing with the subject covered by a particular policy. Policies are infrequently modified, have widespread application, and are statements of “what” and/or “why” expressed in broad terms.

The Association has two categories of policies: operational policies and position policies. Operational policies, which govern the functioning of the Association’s constituent components and internal operations, including

financial operations, are within the purview of the Association’s Board of Directors and must be approved by the Board. Some actions taken by the membership may generate the need for new operational policy language; this is developed by the Governance Council and forwarded to the Board for approval.

Position policies are philosophical statements that reflect the Association’s beliefs about the desired state of the world and actions that should be taken by governments and other external bodies. Position policies may originate with either the membership or the Board. Position policies must be approved by the Association’s membership. If a position policy on a particular issue is lacking, and is needed in order for the Association to take action on the issue in a timely manner, the Board may develop provisional policy to guide the Association’s actions until the next opportunity for the membership to debate and act on the policy. The Board brings forward the provisional policy as a motion on the next business meeting agenda.

Procedures describe in detail how a particular policy or operational function is implemented and managed within the Association. Procedures can be specific to a particular task or function within the Association or can be applicable across the entire organization. Procedures are statements that describe the elements involved in carrying out policy, including the “how,” “when,” and/or sometimes “who.” Procedures are delineated by advisory bodies and/or the Board, and managed by the Association’s staff.

(Adopted July 17, 2009; most recent revision December 8, 2014)

1.02. Updating Policies and Procedures Manual

POLICY: The Governance Council is responsible for maintaining the Policies and Procedures Manual and for regular review of policies due to sunset. All policies must have a date of origin and will sunset in five years. Any Board member or chair of an advisory body may recommend to the Board at any time a new or revised operational policy. Proposed changes to position policies may be submitted as motions for the annual business meeting or to the Board for consideration as provisional policy. (See policy 1.04). The date of reaffirmation or amendment of the policy begins a new five-year sunset date. All proposed policies and amendments must be submitted in writing.

PROCEDURES:

- The Secretary or designated staff forwards any proposed policies and procedures generated by Board action (calls, meetings, and recommendations) to the Governance Council for review.
- Governance Council members or staff draft the policy.
- The draft policy is returned to the Board for approval.
- Upon approval, staff insert the date of adoption or reaffirmation for each policy and insert it into the Policies and Procedures Manual.
- The Governance Council and designated staff are responsible for regular review of expiring policies at the Governance Council's annual meeting.
- The Governance Council serves as a resource in helping advisory bodies to draft policies and procedures.
- The Governance Council notifies the membership of policies due to sunset, at least 30 days prior to the due date for business meeting motions.

(Adopted October 16, 2007; most recent revision December 8, 2014)

1.03. Business Meeting Standing Rules

POLICY: Pursuant to PAEA Bylaws Article V, an annual business meeting is conducted at the PAEA Forum. The purpose of this meeting is to provide members with updates from various organizational activities, hold elections (see Section 3.04), and act on motions. The current edition of American Institute of Parliamentarians *Standard Code of Parliamentary Procedure* governs PAEA in parliamentary situations not provided for by law, PAEA Bylaws, or other PAEA-adopted procedures.

PROCEDURES:

Following are the standing rules governing PAEA business meetings:

1. The Physician Assistant Education Association conducts at least one annual membership meeting. Typically, this is conducted at the organization's Annual Education Forum. Special meetings may be called at the discretion of the Board; these require written notification of Member Programs no less than 10 and no more than 50 days prior to the scheduled meeting. (*PAEA Bylaws Article 5.02.*)
2. The presence of one-third of PAEA Member Programs, either in person or by proxy, constitutes a quorum. A majority of members present,

- although less than a quorum, may adjourn the meeting without notice. (*PAEA Bylaws Article 5.03*)
3. Each Member Program has one voting representative officially designated and has one vote.
 4. Each voting representative must submit a signed voting representative form, located in Appendix G, to receive the program's voting device. A program may also designate a proxy voter, who must be a voting member of the Association. No individual may hold more than two voting devices. (*PAEA Bylaws article 3.02.*)
 5. Voting representatives and alternates must sit in the designated area.
 6. A gallery area is designated for guests, visitors, and dignitaries, separate from the voting representative area.
 7. Voting representatives leaving the floor of the annual business meeting must turn in their voting device to designated PAEA staff. If the voting representative returns to the floor and wishes to vote, they must retrieve the device.
 8. Any interested party may testify on pending business. Only voting representatives can make motions on the floor. Debate on a motion and discussion on an issue includes input from proponents and opponents. The President may limit the length of time allotted for debate on a particular topic. Someone who has not spoken is privileged over an individual who has already discussed the motion. Each speaker is limited to five minutes on their first presentation, and three minutes on any subsequent presentation. The President may call on individuals to provide information as "expert witnesses" whose testimony shall be limited to the provision of information. When attempting to end the debate, a voting representative may not precede the motion to vote immediately with testimony.
 9. Persons who have a financial, commercial, or other interest in the matter under consideration must publicly disclose that interest before initially testifying on the motion, and before initially speaking on the floor about that resolution.
 10. Motions not submitted by the deadline will only be considered under the New Business segment of the membership meeting. Such motions require a two-thirds majority vote to be considered

(Adopted October 16, 2007; most recent revision December 16, 2015)

1.04. Submission of Motions for Annual Business Meeting

POLICY: Member Programs, advisory bodies, or the Board may submit motions. Motions for consideration at the Association's annual business meeting must be submitted in writing, on the appropriate motion form, by the announced deadline.

PROCEDURES:

1. A call for motions is announced through appropriate PAEA communications vehicles at least 30 days before the submission deadline.
2. Motions to be brought forth at the annual membership meeting must be submitted in writing to the PAEA National Office a minimum of 75 days prior to the annual membership meeting to be considered timely and must be signed by the program director of the Member Program, advisory body chair, or President.
3. Sponsors must submit any financial implications associated with the motion.
4. The Governance Council reviews motions to ensure that the author's intent is clear and that motions are in order.
5. As needed, the Governance Council or staff designee contacts the motion's author and attempts to modify a motion deemed to be out of order or unclear.
6. Once the motions have been reviewed by the Governance Council and modified by the authors, if necessary, they are referred to the Finance Council for financial evaluation prior to dissemination to the membership.
7. All motions submitted by the deadline, including financial implications and a statement from the Governance Council on the motion's implications, must be published in the *PAEA Networker* and/or other appropriate communications vehicles at least 20 days prior to the Business Meeting.
8. A general forum for discussion of motions is held at the Education Forum prior to the business meeting. The time and the location of this meeting is published in the Forum program.

(Adopted October 16, 2007; most recent revision October 26, 2016)

1.05. Board Responsibility for Approved Motions

POLICY: The Board is accountable to the membership for all motions approved at the annual business meeting. The Board must report on the status of all approved motions at the next business meeting.

PROCEDURES:

- The Board reviews all motions approved at the annual business meeting at its next regular meeting and develops a plan to implement a course of action.
- Following this meeting, motions requiring policy language are forwarded to the Governance Council for crafting of policy and procedure format, labeling and numbering, and/or recommendations for incorporation into existing policy.

(Adopted October 16, 2007; most recent revision December 8, 2014)

6.01.02 Governance & Ethics Board and Charge

The Governance & Ethics Board (GEB) is charged with upholding the Code, developing resources to educate members, directors, and leaders and PAEA staff about the Code, and reviewing disclosure forms. As part of its effort to review perceived and actual ethics violations or conflicts of interest (COI), the GEB shall, as necessary, determine if there has been a violation of the Code.

(Adopted May 21, 2014, most recent revision April 10, 2018)

6.01.03 Adherence to Code/Annual Dues Renewal

POLICY: As a condition of membership in PAEA, Member Programs and Institutional Colleague Members will be required to affirm they have notified their faculty and staff of their responsibility of adherence to the Code. By completing a membership application or annual renewal form, members are agreeing to adhere to the Code.

PROCEDURES:

- Calls for open positions to serve in PAEA will require applicants to agree to adhere to the Code and remain in adherence for the duration of their term, if appointed.
- Directors will fill out the COI Form when applying for a position on the Board of Directors and at the beginning of each leadership year, updating the form throughout the year if any disclosure has changed

- Leaders are required to complete a COI form when applying for open positions and update this annually

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.04 Identifying and Handling COI

BACKGROUND/RATIONALE: Under law, there is a Duty of Loyalty that requires nonprofit leaders to act in the interests of the organization and not in conflict with those interests for the personal gain, commercial interest, or financial enrichment of themselves or other individuals or entities. In order to maintain the integrity, legal compliance, well-being, and honorable reputation of PAEA with its membership and the public as not being influenced by individual, corporate, or other interests in its philosophy, decision-making, and other actions, it is important for members and leaders to be supportive of the organization and fulfill their duties by identifying, addressing, and resolving actual, as well as perceived, COI.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.05 COI Disclosure

POLICY: When a perceived or actual COI arises, directors and leaders are expected to and members are encouraged to disclose the potential conflict and all material facts to the GEB in writing utilizing the provided disclosure form. Following disclosure, the GEB determines whether the activity is in conflict with PAEA interests and advises what, if any, action to take. The GEB's decision can be appealed to the Board of Directors.

A COI for a PAEA director or leader under this policy is defined as an interest that may or may not be financial in nature suggesting divided loyalty on the part of the director or leader between obligations to PAEA and to the directors' or leaders' personal interests or to the interests of some other organization or cause.

Such interest arises from a transaction between PAEA and a third party, or the directors' or leaders' relationship with a third party, or the directors' or leaders' relationship to another director or leader (personal, professional, or otherwise) which might, in fact or in appearance, call into question their duty of loyalty to PAEA.

Specific to PAEA Directors, COI includes perceived or actual COI such as, but not limited to individuals who:

- Hold a Director position in an external organization whose mission and activities constitute a COI for PAEA’s mission and activities
- Have a conflicting duty to another entity or other external interests that affect the duty of loyalty to and support for PAEA

PROCEDURES:

The GEB will evaluate the forms submitted for perceived or actual COI in order to determine management options. If the GEB determines that a particular position or relationship represents an actual or perceived COI, it may resolve such conflict in one of the following ways:

- Waive the actual or perceived COI as unlikely to affect the director’s or leader’s ability to act in the best interest of the Association
- Determine the director or leader should be recused from all discussions, decision-making, and volunteer group business related to the particular relationship or external position that gives rise to the actual or perceived COI. This resolution option will apply particularly in cases where the actual or perceived COI is in respect to one or two programs or activities.
- Determine that the director or leader must resign or be removed from service to the Association or choose to step down from the external activity or relationship because the actual or perceived COI is such that it would prevent the director or leader from being able to serve in the best interests of the Association.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.06 Concerns

Anyone within or outside PAEA who has a concern about a perceived or actual COI, will advise the GEB by submitting the “Inquiry Form: Alleged Violations of PAEA Code of Ethics,” and other required forms/documents as contained herein.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.07 Known COI and Eligibility for Positions

As part of PAEA’s calls for open positions, both elected and appointed, the GEB will disseminate information about types of positions and relationships with external entities that are known to be COI. This information will be included with the disclosure form signed by candidates for director and leader positions as well as the annual disclosure form signed by directors and

leaders. Questions regarding COI and eligibility for a position(s) should be directed to the appropriate PAEA staff partner.

(Adopted May 21, 2014; revised April 10, 2018)

6.01.08 Centralized Records

PAEA maintains a centralized, secured electronic record of disclosure forms for those who have been appointed or elected to PAEA. The records are maintained for the duration of the individual's term of service and updated annually.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.09 EC Evaluation for Perceived or Actual COI

PROCEDURES:

As described in 6.01.05, The GEB staff partner will conduct preliminary reviews for perceived or actual COI and will forward potential COIs to the GEB for their review and management recommendation.

The GEB will review the disclosure form and consider the actual or perceived COI as it pertains to the director's or leader's position with the Association. The GEB will make a determination based on the guidelines included in 6.01.05 and will communicate their management recommendations to the director or leader, the chair of the volunteer group, and appropriate staff partner.

It will be the responsibility of the director or leader to manage their perceived or actual COI in accordance with the management recommendation provided by GEB. The chair of the volunteer group and staff partner will also be informed to help ensure compliance. For example, if a director or leader received a COI management recommendation to recuse himself/herself from discussion on a particular topic, the individual director or leader is responsible to leave the meeting when appropriate. The chair and staff partner will also be informed of this management recommendation and can remind the director or leader as appropriate.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.11 Timeline for COI Review & Notification

The disclosure forms with potential COI will be forwarded to the GEB as soon as administratively possible when received. The GEB chair will determine if the entire GEB or a workgroup of GEB will review and determine management recommendations for the potential COIs.

The GEB or chair-designated workgroup will complete their review within two weeks of receipt of the form. Their management recommendations will be reported within one week following completion of their review. If necessary, legal counsel will be consulted throughout the review process.

For each case, the GEB may make one of the following determinations:

- Waive the actual or perceived COI as unlikely to affect the director's or leader's ability to act in the best interest of the Association
- Determine the director or leader should be recused from all discussions, decision-making, and volunteer group business related to the particular relationship or external position that gives rise to the actual or perceived COI. This resolution option will apply particularly in cases where the actual or perceived COI is in respect to one or two programs or activities.
- Determine that the director or leader must resign or be removed from service to the Association or choose to step down from the external activity or relationship because the actual or perceived COI is such that it would prevent the director or leader from being able to serve in the best interests of the Association.

(Adopted May 21, 2014; most recent revision April 10, 2018)

6.01.12 Conflict of Interest Management Recommendations

POLICY: When a director or leader COI is determined to exist, potential management options include, but are not limited to:

 - May be asked to leave the room
- In order to be considered for a PAEA position, the director or leader shall resign from an external position.

Physician Assistant Education Association Privacy Policy — Your Privacy Rights

Last Updated: May 29, 2010

The Physician Assistant Education Association (“PAEA”) is concerned about user privacy, and has prepared this privacy policy to provide details about the personal information it collects and how it uses and protects that information. PAEA encourages individuals to read this policy carefully and to contact PAEA with questions about PAEA’s privacy practices using the contact information that is listed at the end of this policy.

6.09.01 Scope

This Privacy Policy governs the collection, use, and disclosure of personal information by PAEA. For purposes of this policy, “personal information” means non-public information that could be used to identify an individual or the program in which an individual is enrolled or employed. Personal information does not include information about an individual that cannot reasonably be used to identify or be associated with an identifiable individual. Much of this policy, which covers all aspects of PAEA’s activities, is applicable only to certain categories of users.

6.09.02 Personal Information That PAEA Collects

PAEA collects different types of personal information about different categories of individuals, including information submitted through PAEA’s websites, as part of registration or participation in PAEA educational programs (including workshops and seminars), participation in PAEA surveys or other research efforts, and through the Central Application Service for Physician Assistants (CASPA). For instance, PAEA may collect individuals’ contact information, demographic data (such as gender, ethnicity, or age), and financial information (such as the credit card numbers that individuals use to pay for PAEA products or services).

PAEA’s websites also include technologies that are standard on the Internet. For instance, our web server automatically logs user agent information (such as IP address and information about a user’s web browser). Other standard technologies include “cookies,” which users usually can decline to provide by modifying their browser settings, and “beacons,” which identify that a particular web page or e-mail has been opened.

Occasionally, PAEA might also obtain information about individuals from other sources, such as educational institutions or organizations serving the needs of physician assistants (PAs) and combine this data with other information that it has collected.

6.09.03 How PAEA Uses the Personal Information It Collects

PAEA uses the personal information that it collects in the following ways.

- *CASPA.* The centralized application service available through the CASPA Web Portal provides applicants a simplified process for applying to PA programs. PAEA uses the personal information that is collected on the centralized application for the purpose of sending the materials to PA programs designated by an applicant and to administer the CASPA program.
- *Provision of Services.* PAEA uses personal information to provide and enhance products and services, including, but not limited to, conferences, workshops, reports, faculty resources, and various student and educational institution services.
- *Research and Survey Responses.* PAEA uses personal information to perform analysis, including analysis for the purposes of enhancing recruitment, selection, and retention of well-qualified PA students; operating and improving programs in the recruitment, selection, development, and retention of well-qualified faculty; promoting interprofessional education and practice; and facilitating the pursuit and dissemination of research and scholarly work.
- *Other Purposes.* PAEA also may use the personal information it collects to respond to requests for information; to communicate with individuals about products or services that may be of interest; to investigate possible violations of and enforce its contracts, including any terms and conditions associated with PAEA products and services and protect its legal rights; and to perform other functions as described to individuals at the time of collection or with their consent.

6.09.04 With Whom PAEA Shares Personal Information

PAEA does not share personal information in identifiable form except as described in this policy. Further, when PAEA does share information, it will only share information to the extent PAEA determines the information is reasonably needed to fulfill the purposes described below:

- *PA Programs and Applications.* Personal information that PA program applicants provide to PAEA through CASPA will be shared with the PA programs designated by the applicant. In addition, PAEA may share

personal information obtained through CASPA with other entities (including programs not designated by the applicant and central application services for other professions) to investigate any questions about the accuracy of that information or if PAEA believes that an applicant does not conform with PAEA policies. In these circumstances, PAEA also may share personal information with others to the extent that it believes it is appropriate in connection with any investigation that PAEA conducts.

- *Service Providers.* PAEA may share personal information with organizations or individuals that perform functions on PAEA's behalf. For example, service providers may process payments for PAEA products and services or may operate PAEA's website. These service providers are granted access to PAEA information for the sole purpose of performing their functions for PAEA.
- *Data Reporting and Analysis.* For research purposes, PAEA may share personal information (either on an individualized or aggregated basis) with the Physician Assistant Data Consortium (which consists of PAEA, the American Academy of Physician Assistants (AAPA), and the National Commission on Certification of Physician Assistants (NCCPA)) and similar collaborations, subject to confidentiality commitments from those recipients. PAEA also may publicly release survey results and data analysis, but any personal information so released will be in aggregated or anonymized form only.
- *Marketing.* It is PAEA's policy not to share information with third parties for those parties' marketing purposes, with the sole exception of sharing e-mail addresses of conference attendees with exhibitors.
- *Legal Matters.* PAEA may share personal information in response to a subpoena or similar investigative demand, a court order, a request for cooperation from a law enforcement or other government agency, or as otherwise required by law; to defend against legal claims; to investigate, prevent, or take other action regarding illegal activity, suspected fraud, suspected violations of terms and conditions associated with PAEA products or services, or other wrongdoing; to protect and defend the rights, property or safety of the company, its users, its employees, or others; or in connection with a substantial corporate transaction, such as a merger.

- *Other Purposes.* PAEA may share personal information as otherwise described at the point of collection or pursuant to an individual's consent.

Also, to the extent an individual posts information about himself or herself in a public setting, such as a public forum or social media service that PAEA operates, PAEA would not consider that information confidential and may share it with others.

6.09.05 Access To Personal Information In PAEA Database

Users can make a request to review and update personal information contained in PAEA's databases that they have supplied by contacting PAEA at info@paeaonline.org.

6.09.06 Third Parties

However, when PAEA shares information with one of its vendors or service providers, it will obligate them by contract to comply with this privacy policy.

6.09.07 How PAEA Protects Personal Information

PAEA uses commercially reasonable security measures (including physical, electronic and procedural measures) to help safeguard personal information from unauthorized access and disclosure. However, no system for transmitting or storing information electronically can be guaranteed to be completely secure.

6.09.08 Children's Privacy

PAEA does not knowingly collect personal information from children under the age of 13. If PAEA learns that it has collected personal information from a child under the age of 13, it will delete that information from its database.

6.09.09 Changes to this Privacy Policy

PAEA may occasionally update this privacy policy, and any personal information that it collects will be subject to the version of the policy that is in effect at the time of the collection. PAEA will post the current version of this policy on its website, www.paeaonline.org.
