2021 PAEA Matriculating Student Survey

Important Information About the PAEA Matriculating Student Survey: Please Read Carefully

The Physician Assistant Education Association (PAEA) is the national organization that represents physician assistant (PA) programs and advocates on behalf of students, faculty, and educational programs. PAEA administers the Matriculating Student Survey (MSS) annually for all incoming first-year PA students. The MSS seeks information from entering PA students to improve education, recruitment, and retention.

The survey will take approximately 20 to 25 minutes to complete. Students who complete the survey will have the opportunity to enter into a prize drawing. Questions on the MSS cover topics such as:

• Demographic information
• Academic and employment background
• Factors related to your choice of the PA profession and your PA program
• Educational financing
• Intended specialty and practice environments
• Health and well-being

Incentives

Respondents who complete the survey will have the opportunity to enter into a drawing for one of four $25 Amazon gift cards. PAEA will enter each PA program with at least an 80% response rate into a drawing for a $250 gift card that can be used to help sponsor a pizza party or other event decided by your class. Additionally, each PA program with at least an 80% response rate will be entered into a drawing for a free 2022 PAEA Education Forum registration.

Participation is Voluntary

Participation in this survey is completely confidential and voluntary. You have the right to not answer any questions you choose. There is no penalty for not completing the survey or for discontinuing it. You may withdraw at any time by simply closing the survey. Although you may skip any questions you do not feel comfortable answering, providing honest and complete information helps improve the reliability and validity of these important data. If you believe you are being coerced into participation, please contact PAEA research staff (research@PAEAonline.org).

Confidentiality Statement
The data collected in this survey are classified as confidential. You will have the option of providing your email address if you wish to participate in the incentive drawing but it will not be stored with your answers. Once this survey closes and incentive drawing participants are contacted, email addresses will be permanently removed from the dataset to ensure confidentiality. Your email address and identified responses will never be released to your program or any other entity under any circumstances.

The responses you provide on this survey are retained by PAEA in a secure server which may only be accessed by a small number of designated PAEA research staff trained in human subjects protections and confidentiality procedures. PA programs typically receive data in reports that aggregate responses at the national level. On occasion, for the purpose of conducting further studies, researchers may request a de-identified (i.e., all identifying information is stripped from anonymous responses) file of individual-level data. PAEA reduces the probability of connecting responses to specific individuals by not providing information where the small number of respondents in a specific category could potentially allow individuals to be identified. Researchers requesting de-identified files will be required to agree to terms that outline how the data may be used and for how long. Otherwise, your data may only be released to IRB-approved faculty at your PA program and only with your explicit permission. This data collection activity has been reviewed according to PAEA policies and procedures and its Institutional Review Board and is considered to be minimal risk. PAEA has taken extensive measures to ensure the security of the data and the confidentiality of the responses. We believe that there are no anticipated risks or discomforts associated with taking this survey. PAEA does not use survey data for marketing purposes.

If you have any questions about your rights as a participant or experience technical difficulties while completing the survey, please contact PAEA research staff (research@PAEAonline.org; 703-667-4328).

Thank you for participating and welcome to PA school!

PAEA Research Staff

Please select an option below to indicate whether you have read the above disclosure and agree to participate in this research.

- I have read and understood the preceding information and **freely consent to participate in the survey**.
- I have read and understood the preceding information and **choose not to participate in the survey**.

Collecting student data at the beginning and end of PA school helps PAEA identify the factors that improve student experiences and education. To help us **anonymously** link your responses between this survey and the End of Program Survey, and to help us remove duplicate responses, please create your own unique code, following the example below. Your code will be kept separate from your survey responses and researchers will not be able to determine your identity. Thank you for helping us conduct important research and improve PA student educational experiences.

Example:

**First 2 letters of your mother’s first name**: If your mother’s name is Jane, enter **JA**

**First and last letters of your mother’s maiden name**: If your mother’s maiden name is Smith, enter **SH**
**Last letter of your first name:** If first name is John, enter **N**

**First letter of the city you were born:** If born in Boston, enter **B**

Unique code will be **JASHNB**

Please provide the following information to create your own unique code:

- **First 2 letters of mother's first name**
- **First and last letters of your mother's maiden name**
- **Last letter of your first name**
- **First letter of the city you were born**

**Screening**

1. Did you start your current PA program **less than three months ago**?
   - ☐ Yes
   - ☐ No

1a. Will you be starting your PA program within the next month?
   - ☐ Yes
   - ☐ No

**Your PA Program**

2. Please select the state in which your program is located from the drop-down list below.
   - [ ]

3. Please select your program from the drop-down list below.

   **Note:** Several programs have similar names; please make sure that you select the correct one.
3a. Are you enrolled at a distant or satellite campus?

- Yes
- No

3b. Please provide the full name of the distant or satellite campus you are enrolled in.

Consent to be included in a student database

The PA program is collecting student data for inclusion in a student database for use in educational research and program improvement. The Physician Assistant Education Association (PAEA) will only release your identified data to PAEA with your written consent and if at least 65% of your cohort completes this survey. You have the right to withhold consent without penalty. If you do not consent, PAEA will never release your identified data to any parties and will store your data according to the standard confidentiality and privacy protections outlined previously. If you choose not to release your data to PAEA you can still complete the survey and are eligible to win any prizes associated with completing the survey.

If you consent to release your data to PAEA, you will be asked for your first and last name, which will be supplied to your program before being permanently removed from the PAEA database. PAEA will protect this information using the standards and protections detailed in their IRB agreement with their home institution and may not share your data with any external individuals or parties.

Please select an option below to indicate whether you have read the above disclosure and agree to release your data to PAEA.

- I have read and understood the preceding information and freely agree that PAEA may release my data to PAEA for inclusion in a student database.
- I have read and understood the preceding information and choose NOT to release my data to PAEA for inclusion in a student database.

Thank you for agreeing to share your information with the PA program for inclusion in their student database. Please provide your first and last name. This information will be permanently removed from the PAEA database.
Consent to be included in a student database

The ${q://QID19/ChoiceGroup/SelectedChoices} PA program is collecting student data for educational research and program improvement. The Physician Assistant Education Association (PAEA) will only release your data to ${q://QID19/ChoiceGroup/SelectedChoices} with your written consent and if at least 65% of your cohort completes this survey. Fields collecting identified information (e.g., email for prize entry, ZIP code) will be removed from the data prior to release to your program. While it may still be possible to identify you based on your responses to other survey questions, your program has agreed to use this data in aggregate for research and evaluation only and is prohibited from attempting to use survey responses to identify individual students.

You have the right to withhold consent without penalty. If you do not consent, PAEA will never release your individual data to any parties and will store your data according to the standard confidentiality and privacy protections outlined previously. If you choose not to release your data to ${q://QID19/ChoiceGroup/SelectedChoices} you can still complete the survey and are eligible to win any prizes associated with completing the survey.

If you consent to release your data to ${q://QID19/ChoiceGroup/SelectedChoices}, your PA program will protect this information using the standards and protections detailed in their IRB agreement with their home institution and may not share your data with any external individuals or parties.

Please select an option below to indicate whether you have read the above disclosure and agree to release your data to ${q://QID19/ChoiceGroup/SelectedChoices}.

- [ ] I have read and understood the preceding information and freely agree that **PAEA may release my data** to ${q://QID19/ChoiceGroup/SelectedChoices} for educational research and program improvement.
