Dear Senators:

On behalf of the PA Education Association (PAEA), the national organization representing all 300 accredited PA programs in the United States, we are writing to express the Association's strong support for SB23-083. This proposed legislation, which aligns with the Optimal Team Practice policy adopted by the American Academy of PAs, would significantly improve patient access to care by modernizing outdated administrative barriers to PA practice in Colorado while upholding the value of interprofessional collaboration.
