

**Report to the PAEA Board of Directors and Membership
September 2023**

**PA Education Association Graduate Advisor to the AAPA Student Academy
Annie Wildermuth, PhD, PA-C, RD**

Dear PAEA Board of Directors and Members,

This is my fourth year as Student Academy of the American Academy of Physician Associates graduate faculty advisor. The Student Academy has been busy working to increase its relevance to students and PA Programs and is currently gearing up for PA Week in October. I provide this report to recap the activities of the Student Academy and to update you on pertinent charges the Academy is working on in the 2023-2024 year.

I. Resolutions pertinent to PAEA Board and Membership

2022-2023 Student Board Committee Charges

The AAPA Student Academy Senior Manager, Caitlin Harrison, is currently making changes to the Committee structure within the Student Academy. Previously there were four committees: Advocacy & Policy, Communication & Outreach, Leadership & Diversity, and Service. The new committee structure is expected to be announced shortly, and members will be comprised of the AAPA Student Academy and elected student delegates.

II. Student Board Meetings

There are virtual monthly meetings of the AAPA Student Academy. As the liaison between AAPA and PAEA, I forward relevant information as it arises to the PAEA Board of Directors or other appropriate PAEA Staff.

III. Leadership and Advocacy Summit

The 2023 Leadership and Advocacy Summit is occurring from September 28-30, 2023, at the Ritz Carlton in Pentagon City and will include Capitol Hill visits and advocacy education. Many members of the AAPA Student Academy, and myself, will be in attendance.

Respectfully submitted,

Annie Wildermuth, PhD, PA-C
PAEA Graduate Advisor
AAPA Student Academy
